## **NOTICE OF ALLOWABILITY**

### ***Status of the Claims***

This action is in response to papers filed 10 June 2005 in which a Terminal Disclaimer was submitted and claim 56 was amended. The Terminal Disclaimer has been approved and the amendments have been entered. The previous objections and rejections in the Office Action dated 28 April 2005 are withdrawn in view of the Terminal Disclaimer and amendments. The Terminal Disclaimer and amendments place the pending claims in condition for allowance.

Claims 40-41, 43, 45 and 55-63 are in condition for allowance.

## **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jerry Hefner on 6 July 2005.

The application has been amended as follows:

In Claim 40, paragraph ii), line 3, replace "said" with --- each --- .

## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The claims are drawn to a method for decoding the position of bioactive agent-microspheres on an array. The method defines each microspheres as comprising at least two

Art Unit: 1634

different identifiers each of which specifically bind a decoder. Detection of the multiple identifiers identifies the position of each microsphere and bioactive agent. The use of multiple different identifiers for each bead provides for the detection of a larger number of beads using fewer different labels. While the prior art teaches beads comprising a single identifier (Chandler, WO 97/14028), the prior art does not teach or suggest multiple different identifiers on beads for positional decoding of an array.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

Claims 40-41, 43, 45 and 55-63 are allowed.
